

Sandro D'Elia

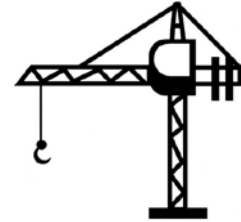

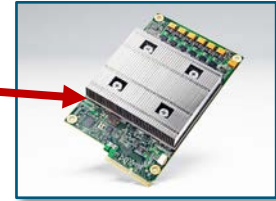

European Commission - DG Connect

Technologies and Systems for Digitising Industry

A future partnership / Joint Undertaking for Key Digital Technologies

(why?)

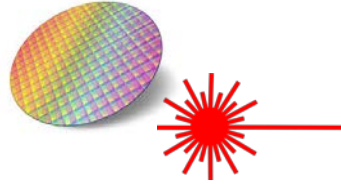

- Synergies are needed
(example: TPU by Google)
- Strong competition for EU
(GAFAM + Baidu/Tencent/Alibaba)
- Access to technology & sovereignty
- Consumer or professional?

A future partnership / Joint Undertaking for Key Digital Technologies

(what?)

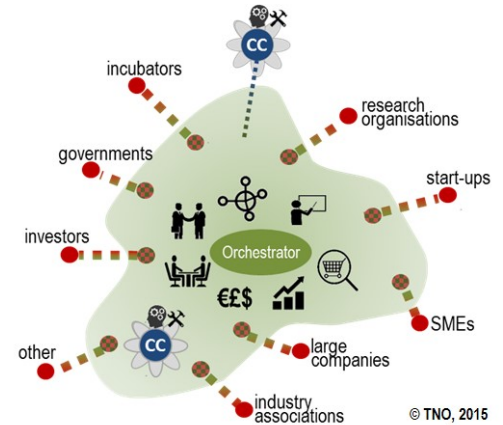

- Technological independence
(guarantee access to KDT)

- Support deployment
(complementing Digital Europe Programme)

- From pilots to exploitation
(complementing network of Digital Innovation Hubs?)

- New requirements

KEY DIGITAL TECHNOLOGIES
